TEAMS LIVE SESSION LINKS

All Live Sessions will be recorded.

-  Module 4 All Groups Live Session 1000 Hrs - 1200 Hrs GMT+3 (Tuesday, Wednesday, Thursday)

Module 1: Conservation Challenges & Global Biodiversity Framework (Beginner)

Session 1: Foundations

Introduction to ecosystems, biodiversity mapping, and conservation challenges

1.1 What can we map? Forests, Mountains, Fauna, Lakes, Rivers, Ocean, Savanna, Other tropical and subtropical ecosystems

-  Module 1 Session 1 What can we Map? [Mark as done](#)

1.2. The Conservation challenges

-  Module 1 Session 1 The Biodiversity conservation challenges PDF
-  Not available unless: The activity [Module 1 Session 1 What can we Map?](#) is marked complete

1.3. Overview of the Kunming-Montreal Global Biodiversity Framework

Targets

-  Module 1 Session 1 Overview of the Kunming Montreal Biodiversity Framework goals and Targets PDF
-  Not available unless: The activity [Module 1 Session 1 The Biodiversity conservation challenges](#) is... [Show more](#)
-  Quiz: Module 1 Session 1 Foundations
-  Not available unless: The activity [Module 1 Session 1 Overview of the Kunming Montreal ...](#) [Show more](#)

Session 2: Target 3 Deep Dive

Understanding protected areas, OECMs, and key biodiversity indicators

About Target 3 - Conserve 30% of Land, Waters and Seas

-  Module 1 Session 2 Target 3 deep dive Part 1 PDF
-  Not available unless: The activity [Quiz: Module 1 Session 1 Foundations](#) is marked complete
-  Module 1 Session 2 Target 3 deep dive Part 2 PDF
-  Not available unless: The activity [Module 1 Session 2 Target 3 deep dive Part 1](#) is marked complete
-  Quiz: Module 1 Session 2 Target 3 deep dive
-  Not available unless: The activity [Module 1 Session 2 Target 3 deep dive Part 2](#) is marked complete

Session 3: GIS & Remote Sensing

Introduction to geospatial technologies

Introduction to GIS and Remote Sensing PDF

This presentation provides an overview of the geographic information systems and remote sensing. It may not include everything, but it provides a good understanding of what GIS and Remote Sensing is.

Not available unless: The activity Quiz :Module 1 Session 2 Target 3 deep dive is marked complete

Introduction to geospatial technologies

Module 1 Session 3 Introduction to GIS and RS tutorial PDF

Not available unless: The activity Introduction to GIS and Remote Sensing is marked complete

Quiz: Module 1 Session 3 Introduction to GIS and Remote Sensing Exercise

Not available unless: The activity Module 1 Session 3 Introduction to GIS and RS tutorial is ...

Show more

Assignment: Module 1 Session 3 Introduction to GIS and Remote Sensing

To do

Opened: Tuesday, 12 August 2025, 12:00 AM

Session 4: Data Sources

World Database on Protected Areas and conservation databases

Module 1 Session 4 Data Sources - Protected Planet Databases PDF

Not available unless: The activity Assignment: Module 1 Session 3 Introduction to GIS and Remote ...

Show more

Quiz: Module 1 Session 4 Data Sources

Opened: Tuesday, 12 August 2025, 11:59 PM

Not available unless: The activity Module 1 Session 4 Data Sources - Protected Planet Databases ...

Show more

Session 5: GIS Applications

Conservation mapping techniques

Application of GIS in conservation.

Application of GIS in Conservation PDF

Not available unless: The activity Quiz: Module 1 Session 4 Data Sources is marked complete

Quiz: Module 1 Session 5 Application of GIS in Conservation.

Not available unless: The activity Application of GIS in Conservation is marked complete

MODULE 1 LIVE SESSIONS RECORDINGS

MODULE 1: LIVE Session 1: Course Overview 8/13/25

Module 1: Live Session 2 Recording: August 14, 2025

Module 1: Live session 3: August 15 2025

Module 1 Completion Certificate

Not available unless: The activity Quiz: Module 1 Session 5 Application of GIS in Conservation. ...

Show more

Module 2: Protected Areas Database Management (Intermediate)

Session 1: Data Review

Reviewing protected area data and identifying needed updates PDF

Mark as done

The World Database on Protected Areas (WDPA) Manual PDF

This manual provides detailed guidance and standards for updating WDPA data

Module 2 Session 1 Quiz

Not available unless: The activity Reviewing protected area data and identifying needed updates ...

Show more

Session 2: Data Schema

Preparing a WDPA/OECM data schema and appending data

Preparing a WDPA_OECM Data Schema PDF

Not available unless: The activity Module 2 Session 1 Quiz is marked complete

Quiz - Module 2 Session 2 WDPA data schema

Opened: Tuesday, 19 August 2025, 4:00 PM

Not available unless: The activity Preparing a WDPA_OECM Data Schema is marked complete

Session 3: Data Processing

Joining the submitted attributes to the attribute table of the schema or filling the empty fields using the WDPA manual

Aberdare Forest Ranges Data

Mark as done

Module 2 Session 3 Preparing Data for WDPA and/or WD-OECM Update PDF

Not available unless: The activity [Aberdare Forest Ranges Data](#) is marked complete

Assignment - Module 2 Session 3 WDPA Data Processing

Opened: Tuesday, 19 August 2025, 10:00 PM

Paste the link of the updated feature layer in the provided space

Not available unless: The activity [Module 2 Session 3 Preparing Data for WDPA and/or WD-OECM ...](#)

Show more

Quiz - Module 2 Session 3 WDPA Data Processing

Opened: Thursday, 21 August 2025, 9:59 PM

Not available unless: The activity [Assignment - Module 2 Session 3 WDPA Data Processing](#) is marked...

Show more

Session 4: Documentation

Documentation of the changes implemented on the WDPA

Documenting Changes in the Databases PDF

Not available unless: The activity [Quiz - Module 2 Session 3 WDPA Data Processing](#) is marked complete

Quiz - Documenting Changes in the Databases

Not available unless: The activity [Documenting Changes in the Databases](#) is marked complete

Session 5: Data Presentation

Creating Data Dashboards

ESRI ArcGIS Dashboards Presentation PDF

To do

Dashboards Quiz

Opened: Thursday, 21 August 2025, 10:20 AM

Not available unless: The activity [ESRI ArcGIS Dashboards Presentation](#) is marked complete

Dashboards Assignment

Opened: Monday, 25 August 2025, 3:00 PM

Paste the link of the dashboard in the provided space

Not available unless: The activity [Dashboards Quiz](#) is marked complete

Creating Story Maps

ESRI ArcGIS Story Maps PDF

Not available unless: The activity [Dashboards Assignment](#) is marked complete

Story Maps Quiz

Opened: Thursday, 21 August 2025, 10:00 AM

Not available unless: The activity [Dashboards Assignment](#) is marked complete

Story Maps Assignment

Opened: Tuesday, 26 August 2025, 2:00 PM

Assignment to gauge the participant's understanding of ESRI ArcGIS Storymaps.

To do

MODULE 2 LIVE SESSIONS RECORDINGS

Module 2: Live Session 1: Data Review & Schema (19 08 2025)

Module 2: Live Session 3 Data presentation using ArcGIS dashboards (21 08 2025)

Module 2: Live Session (Storymaps) August 26 2025

Module 2 Completion Certificate

Not available unless: The activity [Story Maps Quiz](#) is complete and passed ...

Show more

Module 3: Mapping & Monitoring Habitat and Biodiversity Loss (Advanced)

Session 1: Biodiversity Hotspots

The pressing issues in biodiversity hotspots

- Habitat loss due to deforestation, urbanization, and agriculture

Module 3 Session 1: Pressing issues in habitat loss and degradation PDF

Not available unless: The activity [Story Maps Assignment](#) is marked complete

Quiz Module 3 session 1

Opened: Tuesday, 26 August 2025, 12:00 PM

Not available unless: The activity [Module 3 Session 1: Pressing issues in habitat loss and ...](#)

Show more

Session 2: Conservation Foundations

Global conservation efforts and biodiversity importance

- Introduction to global conservation efforts
- The importance of biodiversity
- Current threats to Wildlife

Module 3 session 2: Conservation Foundations PDF

Not available unless: The activity **Quiz Module 3 session 1** is marked complete

Quiz - Module 3 session 2: Conservation Foundations

Opened: Wednesday, 27 August 2025, 12:00 PM

Not available unless: The activity **Module 3 session 2: Conservation Foundations** is marked complete

Session 3: GIS and Remote Sensing for tracking environmental crimes

Tracking illegal activities and wildlife trafficking Theory and Practical

- Mapping wildlife poaching hot spots
- Mapping illegal logging activities

Module 3 Session 3 - GIS and Remote Sensing for Environmental crime tracking PDF

Not available unless: The activity **Quiz - Module 3 session 2: Conservation Foundations** is marked ...

Show more

QUIZ - Module 3 session 3: GIS & RS for Tracking environmental Crimes - Wildlife poaching and Illegal Logging

Opened: Wednesday, 27 August 2025, 12:00 AM

This quiz seeks to gauge the understanding of the application of GIS and Remote Sensing in tracking environmental crimes.

Not available unless: The activity **Module 3 Session 3 - GIS and Remote Sensing for Environmental ...**

Show more

Assignment: Mapping Wildlife Mortality in your country - Poaching

Opened: Thursday, 28 August 2025, 12:00 AM

Not available unless: The activity **QUIZ - Module 3 session 3: GIS & RS for Tracking environmental...**

Show more

Session 4: Prioritization

Identifying areas for immediate conservation intervention

Why conservation prioritization matters

Measuring effectiveness of conservation efforts

Module 3 Session 4: Conservation Prioritization PDF

Not available unless: The activity **Assignment: Mapping Wildlife Mortality in your country - ...**

Show more

Quiz - Module 3 session 4: Conservation Prioritization

Not available unless: The activity **Module 3 Session 4: Conservation Prioritization** is marked ...

Show more

Session 5: Community Engagement

Participatory GIS and community-based conservation

Community Engagement and Participatory GIS

- How to involve local communities in data collection, monitoring, and decision-making using participatory GIS approaches
- Emphasis of the social dimension of conservation.
- Policy frameworks that mandate community participation in conservation.
- How participatory GIS supports inclusive decision - making and policy legitimacy

Participatory GIS And Community-based Conservation Presentation PDF

Not available unless: The activity **Quiz - Module 4 Session 3: Wildlife Hazard Monitoring** is ...

Show more

Module 3 session 5: Community participatory Mapping in GIS & Community Based Conservation

Community Engagement & Participatory GIS PDF

Not available unless: The activity **Participatory GIS And Community-based Conservation ...**

Show more

Additional Materials

Quiz - Module 3 Session 5 Participatory GIS And Community-based Conservation

Not available unless: The activity **Community Engagement & Participatory GIS** is marked complete

Module 3 Live Sessions

Module 3 Live Session 1: Introduction to Biodiversity Hotspots (Tuesday 26th, Aug 2024)

Module 3 Live Session 2 (Wednesday 27th, Aug 2025)

Module 3 Live Session 3 (Thursday 28th, Aug 2025)

Module 3 Completion Certificate

Not available unless: The activity **(Missing activity)** is marked complete ...

Show more

Module 4: GIS for Wildlife Protection & Conservation (Expert)

Session 1: Conservation Data Collection and management

Using ArcGIS Survey 123, GPS, and Mobile apps for data collection

Collecting and Managing Conservation Data with GIS

- Introduction to ArcGIS Survey123 for mobile data collection.
- Workflows for collecting, analyzing, and visualizing conservation data.
- Hands-on Practical: ArcGIS Survey123—Building Forms for Conservation Data Collection.

 Data Collection Using Survey 123 PDF

Mark as done

 Quiz - Data Collection Using Survey 123

To do

Session 2: Satellite Data

Accessing, Downloading and Processing free satellite Imagery (Landsat Data)

 Module 4 Session 2 Presentation PDF

 Not available unless: The activity Quiz - Module 3 session 4: Conservation Prioritization is ...

Show more

 Module 4 Session 2 Assignment

Opened: Tuesday, 2 September 2025, 10:00 PM

 Not available unless: The activity Module 4 Session 2 Presentation is marked complete

 Quiz - Module 4 Session 2

 Not available unless: The activity Module 4 Session 2 Presentation is marked complete

 Satellite Demo Data

Session 3: Wildlife Hazard Monitoring

Risk analysis and hazard mapping & Create and Draw high level maps similar to the mapbook maps

Wildlife Hazard Monitoring and Response

- Using GIS to identify and mitigate risks to wildlife (e.g., disease outbreaks, human-wildlife conflict, habitat encroachment)
- Practical exercise in wildlife hazard mapping and risk analysis

 Wildlife Hazard Monitoring PDF

 Not available unless: The activity Quiz - Data Collection Using Survey 123 is marked complete

 Aberdares National Park

 Mau Area AOI

 Mau area Stacked images for Land cover analysis

 Landsat Bands 2025

 Landsat Bands 1995

 Fire data

 Quiz - Module 4 Session 3: Wildlife Hazard Monitoring

Opened: Friday, 5 September 2025, 12:47 PM

 Not available unless: The activity Wildlife Hazard Monitoring is marked complete

Session 4: Change Analysis

Land cover change analysis and hotspot mapping

 Land cover change analysis PDF

 Not available unless: The activity Quiz - Module 4 Session 2 is marked complete

 Guide on Landsat 8 Band Combinations for vegetation analysis

 Quiz - Session 4 Land Cover analysis

 Not available unless: The activity Land cover change analysis is marked complete

Session 5: KMGBF Target 3 Reporting

 Module 4 Session 5 Methodology for Calculating Protected and Conserved Areas Coverage Statistics PDF

 Not available unless: The activity Quiz - Module 3 Session 5 Participatory GIS And ...

Show more

 Module 4 Session 5 Protected Areas Coverage of Key Biodiversity Areas PDF

 Not available unless: The activity Module 4 Session 5 Methodology for Calculating Protected and ...

Show more

 Quiz: Module 4 Session 5 KMGBF Target 3 Reporting

Opened: Thursday, 4 September 2025, 10:00 PM

 Not available unless: The activity Module 4 Session 5 Protected Areas Coverage of Key ...

Show more

 Module 4 Completion Certificate

 Not available unless: The activity Quiz: Module 1 Session 5 Application of GIS in Conservation. is complete and passed ...
